Application Support - FSP

We work closely with clients across the public, commercial, financial, and services sectors, helping them drive digital transformation, innovate, and strengthen cyber security.

Our success is enabled by our unwavering commitment to excellence, our people centric culture alongside best-in-class operations, ensuring impactful and sustainable outcomes for our clients.

We are proud to be consistently recognised as a world class workplace and leader in employee engagement and workplace best practices for the past 10+ years. Our culture, policies and workplace environment come together to create a multi-award-winning place to work.

The FSP Playbook is a living, breathing representation of our cultural DNA. It sets out our purpose, values and winning behaviours. This underpins our commitment to excellence, collaboration and accountability.

Guided by our core values, we take pride in being a responsible and ethical organisation that drives meaningful impact. We're committed to making decisions that protect our planet, embedding ethics, governance and best practices into everything we do. By engaging our employees, clients, and communities, we aim to create lasting positive change.
